FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

- 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
- 28 Texas Administrative Code §134.203 sets out the reimbursement guidelines for professional services.
- The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 4 – required modifier missing or inconsistent w/proced
 - RP3 – CMS statutory exclusion/svc not paid to physicians

Issues

- Did the requestor submit the medical bill for the disputed services within Division guidelines?
- What is the applicable rule that pertains to reimbursement?
- Is the requestor entitled to reimbursement?

Findings

1. The Division placed a copy of the Medical Fee Dispute Resolution request in the insurance carrier’s Austin representative box, which was acknowledged, received on February 6, 2015. Per 28 Texas Administrative Code §133.307(d)(1), "The response will be deemed timely if received by the division via mail service, personal delivery, or facsimile within 14 calendar days after the date the respondent received the copy of the requestor's dispute. If the division does not receive the response information within 14 calendar days of the dispute notification, then the division may base its decision on the available information." The insurance carrier did not submit any response for consideration in this dispute. Accordingly, this decision is based on the information available at the time of review.
2. The carrier denied the disputed services as, 4 – “Required modifier missing or inconsistent w/procedure.” 28 Texas Labor Code §134.203 (b) states in pertinent part, “For coding, billing, reporting, and reimbursement of professional medical services, Texas workers’ compensation system participants shall apply the following: (1) Medicare payment policies, including its coding; billing; correct coding initiatives (CCI) edits; modifiers;...” Review of the submitted documentation finds;

- a. Codes submitted are defined as clinical laboratory services
- b. CLIA found at <http://wwwn.cdc.gov/clia/Resources/LabSerach.aspx> finds the requestor is listed as, “Physician Office” with a Certificate type of “Accreditation”.

The Medicare Claims Processing Manual, Chapter 16, states in pertinent part, 70.8 - Effective September 1, 1992, all laboratory testing sites (except as provided in 42 CFR 493.3(b)) must have either a CLIA certificate of waiver, certificate for provider-performed microscopy procedures, certificate of registration, certificate of compliance, or certificate of accreditation to legally perform clinical laboratory testing on specimens from individuals in the United States.” The Centers for Medicare and Medicaid Services (CMS) MLN Matters Number: SE1105 states in pertinent part, “Laboratories with a CLIA certificate of compliance or accreditation may perform non-waived tests. Laboratories with a CLIA certificate of compliance or accreditation do not append QW modifier to claim lines.” The Carrier’s denial is not supported.

3. The Carrier also denied the codes in dispute as RP3 – “CMS statutory exclusion/svc not paid to physicians.” Per Medicare Claims Processing Manual, Chapter 16, Transmittal 10 states in pertinent part, “Diagnostic X-ray, laboratory, and other diagnostic tests, including materials and the services of technicians, are covered under the Medicare program. Some clinical laboratory procedures or tests require Food and Drug Administration (FDA) approval before coverage is provided. A diagnostic laboratory test is considered a laboratory service for billing purposes, regardless of whether it is performed in: A physician’s office, by an independent laboratory,” The Carriers’ denial is not supported as there is no CMS exclusion, and this provider of service has obtained the necessary CLIA certificate to be able to perform the services in dispute. Therefore, the services will be calculated per applicable rules and fee guidelines.
4. 28 Texas Administrative Code 134.203(e) states in pertinent part, “The MAR for pathology and laboratory services not addressed in subsection (c)(1) of this section or in other Division rules shall be determined as follows: (1) 125 percent of the fee listed for the code in the Medicare Clinical Fee Schedule...”

Date of Service	Submitted Code	Units	Billed amount	Maximum allowable reimbursement (MAR)
August 7 2014	82542	1	\$45.00	\$24.63 X 125% = \$30.79
August 7, 2014	82542	1	\$45.00	\$24.63 X 125% = \$30.79
August 7, 2014	82570	1	\$40.00	\$7.06 X 125% = \$8.83
August 7, 2014	82646	1	\$45.00	\$28.17 X 125% = \$35.21
August 7, 2014	82649	1	\$45.00	\$35.07 X 125% = \$43.84
August 7, 2014	83925	1	\$45.00	\$26.54 X 125% = \$33.18
August 7, 2014	83925	1	\$45.00	\$26.54 X 125% = \$33.18
August 7, 2014	83986	1	\$40.00	\$4.88 X 125% = \$6.10
			\$350.00	\$221.92

5. The total allowable reimbursement for the services in dispute is \$221.92. The carrier previously paid \$0.00. The remaining balance is \$221.92. This amount is recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$221.92.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code Sections 413.031 and 413.019 (if applicable), the Division has determined that the requestor is entitled to additional reimbursement for the services involved in this dispute. The Division hereby ORDERS the respondent to remit to the requestor the amount of \$221.92 plus applicable accrued interest per 28 Texas Administrative Code §134.130 due within 30 days of receipt of this Order.
